

Bottle Broke Their Love

words & music by Elwood McElveen, Jr.

A match made in heaven,

That's what they said.

They were the picture of love.

Always together,

Never apart,

They were what lovers dreamed of.

Nothing could come between them,

At least that's what we all thought.

CHORUS

The bottle broke their love

Now she's all alone

He's holding on to his 12 ounce friend

That's what brought their love to an end

The bottle broke their love
