

Cross For Me

words & music by elwood

CHORUS

*should've been a cross for me
should've been a cross for you
but He died instead
what will you do?*

He knew my name up on that tree
when my sins were the nails
But He died anyway
His love never fails

A love I don't deserve
Yes it should have been me
I'd fit right in
between the thieves

CHORUS

should've been a tomb with my name
should've been a stone not rolled away
I owe everything
to His third day

will I serve Him as I should
or will I turn and run
He's already paid the bill
for everything I've done

CHORUS

BRIDGE (sing in half time)

*Yes He knew my name
When my sins were the nails
But He died anyway
Love never fails*
