

Merry Christmas from Texas

words & music by elwood

It's snowin' down in Texas
The kids are bundled up warm
Countin' the days 'til Christmas
And the toys they've wished upon

At this special season
My thoughts turn to you
The memory's are forever sketched on my mind
I hope you remember them to

*Merry Christmas from Texas
at this special time of year
Merry Christmas from Texas
We wish that you were here*

The Christmas tree is all aglow
From the smiles on their faces
I've got a smile they'll never know
Cause it comes from different places

Wherever you may be
My thoughts go with you
With a sincere wish
Merry Christmas to you

*Merry Christmas from Texas
at this happy time of year
Merry Christmas from Texas
We wish that you were here*
