

God Loves Me

words & music by elwood

As I look around me
And I see what God has done.
I know there must be something
Planned for me.

His eye is on the sparrow,
And I know He watches me.
That is why I sing.

CHORUS

God loves me

Wherever I may go

God loves me

Whatever I may do

God loves me

And I know He loves you too.

Oh, Lord please remind me,
To let You guide my way.
And let me look to You,
When I don't know.

The sunshine in the morning,
The stars in the sky at night,
It's all these things and more that show.

God loves me

Wherever I may go

God loves me

Whatever I may do

God loves me

And I know He loves you too.

Repeat Chorus
