words & music by elwood

CAPO 2

A **E**
love can make you forget
D **A**
love can make you remember
love can ease the pain
return you to center

love can erase
or write a new chapter
love can open your eyes
to what really matters

CHORUS

D
thats love
E
thats the miracle
A **F#m** **D** **E**
that we get to see everyday
A
thats love

love can see right through
the brilliant disguise
love can give just a little
if somebody tries
love can go on
and forgive all the lies
love can say its ok
and not ask the whys

love can help you go on
love can let it all go
and when you can't decide
love will let you know
love can be so strong
that it can make you weak
love can help you find
the truth that you seek
