

## **Nothin' Like Christmas**

words & music by Elwood McElveen, Jr.

Ain't nothin like Christmas  
Ain't nothin like the holidays  
Ain't nothin like this Peace on Earth  
At least we're close anyway

Ain't nothin like this season  
When we forget our troubled days  
When we help those worse off than us  
And when we take the time to pray

Ain't nothin like the look  
Of precious children as they wait  
To tell Santa what they really want  
And we give instead of take

Ain't nothin like this feeling  
And the chance that is given  
To tell everyone who'll listen  
The true meaning of the season

Ain't nothin like the joy  
Singin those same old songs  
And how close it ties our hearts  
And everyone belongs

So let every heart be happy  
No matter whats under the tree  
We've all recieved His gift  
And it's the only one that's free

And if we'll only open it  
The treasures we will see  
And then we'll finally know  
Thats how Christmas should be
