

Pain

words & music by elwood

Pain ain't got no boundries, Pain ain't got a home
Pain'll find you anywhere, cause Pain is free to roam
Pain don't know no names, and Pain don't really care
Pain don't really listen, Pain isn't fair

Cause it's Pain; Yes it's Pain

Pain don't know no drugs, don't bother with those pills
You'll just delay the Pain, of your many ills
You may as well make ready, your eyes to cry
Hold your temper steady, don't bother asking why

Cause it's Pain; Yes it's Pain

Pain was in the Garden, yea Pain came to call
Pain was in the apple, when Adam took the fall
Pain was there to meet you, when you first left the womb
Pain was there to greet you, when the doc lowered the boom

Cause it's Pain; oh it's Pain

Pain was at the Cross, you could see it on the face
Of the One who came to save us, from this human race
Take care of your body, take care of your heart
Make sure that you are ready, when we all depart

No More Pain; No More Pain
