

Put Christ Back In Christmas

words & music by elwood

No sleigh bells ringing on my street tonight,
No carollers singing its a silent, holy night.
I want a Christmas like we had way back when,
what ever happened to Joy to the World?
Put Christ back in Christmas,
That's a reason to celebrate,
Put Christ back in Christmas,
I can't wait.

No Christmas parties around here anymore,
Don't want to offend anyone, what was Jesus for?
I want a Christmas like we had way back when,
what ever happened to Joy to the World?
Put Christ back in Christmas,
That's the way it's supposed to be,
But Christ back in Christmas,
Starts with me.
I want a Christmas like we had way back when,
Put Christ back in Christmas,
Put Christ back in Christmas,
Put Christ back in Christmas, again!
