

You Were There

words & music by elwood

When I was a baby small as could be
You were there.
And as I got older skinned my knee
You were there.
When I was to big to hug your neck
You were there.
Then as a teenager giving you heck
You were there.

*Through the good times and through the bad,
You've always been there giving more than you had.
Of all Gods blessings and I've had my share,
One of the greatest must be,
You Were There.*

When love didn't work out cause she walked out
You were there.
And when we said I do cause love was true
You were there.
When Dad went away even through you pain
You were there.
Every step of the way always the same
You were there.

*Through the bad times and through the good,
You've always been there giving more than you should.
Of all Gods blessings and I've had my share,
One of the greatest must be,
You Were There.
I'll always remember,
You Were There.*
